

United SRPO 20-140 delivers an ultra-thin, virtually dry, and colorless film for protection of highly finished surfaces in indoor storage or in transit. It will provide up to 12 months of rust prevention for tools, wire, dies, bearings, machined parts, sporting goods, and wire cloth in addition to other similar applications.

United SRPO 20-140 can be applied by spraying, dipping, or brushing. It is a no-mess solution that will not bleed through wrapping boxes. United SRPO 20-140 applies as a volatile solvent cutback solution that can be used for protection of parts in storage sheds and short periods of outdoor exposure.

Features:

- Non-staining
- Super rust preventive
- Evaporates quickly
- Long life protection

TYPICAL SPECIFICATION DATA

UNITED SRPO 20-140	
Density (lb/gal)	6.79
Barium (PPM)	5,000
Pour Point (°C)	-54
Pour Point (°F)	-65
Flash Point (°C)	68
Flash Point (°F)	155
